

# Uniflight Global Welcomes Kimberley Christianson as the New Avionics & Completions Manager

## ***Uniflight Global appoints Kimberley Christianson to lead their Avionics & Completions business***

June 26, 2019 – Grand Prairie, TX – Uniflight Global, LLC., an industry leading Part 145 Repair Station, renowned for providing the highest quality Maintenance, Repair, and Overhaul (MR&O) services, has appointed Kimberly Christianson to lead the Customer Facing Business Unit (CFBU) in Grand Prairie, Texas for avionics and aircraft completions.

“Kim’s vast knowledge and experience with design and integration of avionics systems and full aircraft completions bodes well for Uniflight’s ever expanding business model,” commented Ray Weiser, Vice President of Sales for Uniflight. “We believe Kim’s military and commercial experience will positively impact our business and enhance the overall customer experience of our clients. We are delighted to have Kim join us at Uniflight and I look forward to working with her.”

As the Avionics & Completions Manager, Kim will be responsible for leading our Avionics and Completions efforts for current and future clients globally. Kim can be contacted at [kchristianson@uniflight.com](mailto:kchristianson@uniflight.com) or by phone at +1 (877) 635-6455.

Kim Christianson, is an aviation industry professional with 20+ years of experience in various elements of Avionics installations, modifications, troubleshooting and design. A US Navy Avionics Electrician Technician and veteran, Kim has extensive corporate and commercial experience in aircraft electronics, operations, and technical support. Throughout Kim's career, she has accumulated more than 23 years of experience with OEM approved Service Centers, mega operators like Air Methods, and larger government contractors such as Dyncorp. Kim also has extensive completion experience, spending time enhancing her body of work with Texas Aviation Services, RSG Aviation, and most recently with AeroBrigham, where she provided leadership and direction as the Avionics Manager. In addition to holding her FAA Repairman Certificate and Federal Communications Commission (FCC) License with RADAR endorsement, she graduated from Columbia College with a 4.0 GPA. Kim was honorably discharged from the US Navy after serving her country proudly for six years.

## About Uniflight Global LLC.,

At UNIFLIGHT GLOBAL we Finance, Fix and Fly helicopters. Over 35 years, the legacy businesses that form UNIFLIGHT GLOBAL have earned a well-deserved reputation for the highest standards in flight services and aircraft availability; completions and customizing; maintenance, repair and overhaul; and logistics support. We provide these services using a highly consultative and advisory approach to custom-tailor appropriate equipment and support solutions to match the mission profile. UNIFLIGHT GLOBAL is an authorized service center for Airbus, Bell and Leonardo Helicopters.
